ARLINGTON HIGH SCHOOL

HOME OF THE SPY PONDERS

869 MASSACHUSETTS AVENUE

ARLINGTON, MA 02476

Dear Spy Ponder Class of 2020,

As I sit and write this letter of congratulations, it has been more than 50 days since most of us have seen each other. We will soon come together for a graduation organized around keeping a safe distance. We do not know when we will be able to truly come together again. That is a hard way to close out these important years. We expected more. We expected to cheer and shake hands and congratulate you all on your achievements. The sadness is real and terrible.

At Arlington High School, we came together to study art, music, family skills, literature, history, mathematics, science, and more. We came together to play sports, form clubs, put on shows, travel, and more. Our goal was learning, but what made our school community was gathering, talking and sharing in classrooms, halls, cafeterias, playing fields, and theaters. Your class lost that sooner than we all expected.

In life, it turns out that what we get - grades, college acceptances, jobs - do not determine whether we are happy in the long run. People grow used to the things around them and appreciate them less with time. We make sense of our losses and heal from them. It is our ability to savor the things we have that makes us truly happy. We can take deliberate steps and actions to appreciate what we have and choose goals that will make us grow.

As you go forward, remember this lesson. You do not know when these experiences will be cut short. Be like Noah and consider carefully what you would take with you on the ark. Be grateful for it. The friendships, experiences, and memories you miss from Arlington High School will still be with you. They help remind you of what to savor in the years that come ahead.

You leave Arlington High School to be adults at an uncertain time. It is easy to worry about the future or success, but experience and history show that it is best to focus on the tasks and people you care about. Whether you found high school easy or hard, fun or trying, you made it through. You have persisted and overcome the stresses and trials of life in a large, challenging school community. We will make it through this time as well.

I can say with full confidence, that you are ready as individuals and as a group to face the challenges the world presents. Keep those connections and lessons as you go forward and make this world a better place.

Good luck in whatever you choose to do. I hope you will stay in touch!

Go Ponders!
Dr. Janger

To the Class of 2020,

It has been my privilege to serve as your Class Advisor! Your journey at AHS began at the same time as my journey at AHS, and I can only hope that you've found the last four years as challenging and rewarding as I have. You are all leaving behind a legacy; the AHS community is stronger, more aware, more united, and more creative than before you made your mark. Your class has so much to celebrate, and while AHS will feel your absence, our loss is the world's gain. I am proud of the young people you've become, and I encourage you all to take your spirit and your resiliency and use it to improve the society around you. In the words of Thoreau, "Go confidently in the direction of your dreams! Live the life you've imagined."

All my best,
Ms. Bradley

Dear Class of 2020,

It has been our pleasure working with the class of 2020 and watching all that you achieved during your four years with us. We are so proud of your many accomplishments both inside and outside of the walls of Arlington High School. Perhaps what we will remember most about the class of 2020 is the kindness and generosity you have shown this community. You are a class who has gone above and beyond with your community service. We have watched you welcome new students, mentor others, start fundraisers for those in need, and become politically active in causes you believe in. As your senior year comes to an end, you have demonstrated that you will pull together and find ways to overcome whatever challenges life throws at us. We can't wait to hear about what you will do next! Whether you have lived in Arlington all of your life or joined us along the way, we hope you always think of Arlington as a place you call home and take pride in being a Spy Ponder.

Best wishes,

Your Deans
Mr. DiLoreto, Mr. McKnight, and Mrs. Tivnan

In Loving Memory of Risa Dubin

Risa Dubin was an amazing person. She was incredibly talented, kind, caring, and, above all, authentic. She had a sense of humor like no one else. She could make anyone laugh, oftentimes at her own expense. She came to AHS as an experienced educator who understood teaching and students. Her spirit was indomitable. She embraced life fully and encouraged others to do the same. She was a doer. If a student or graduate needed help Ms. Dubin would not hesitate to take action. Her time with us was too brief, but the AHS community benefited greatly from what she gave us - herself.

~ Jay Barry

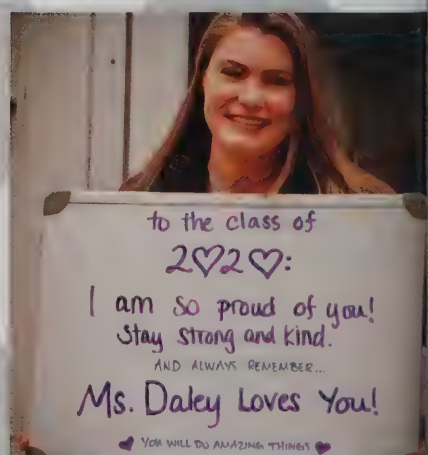

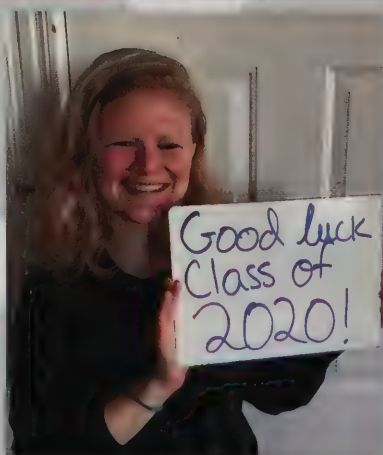

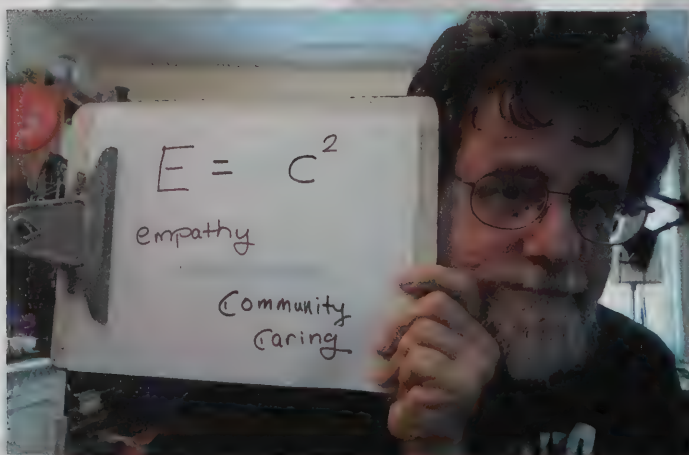

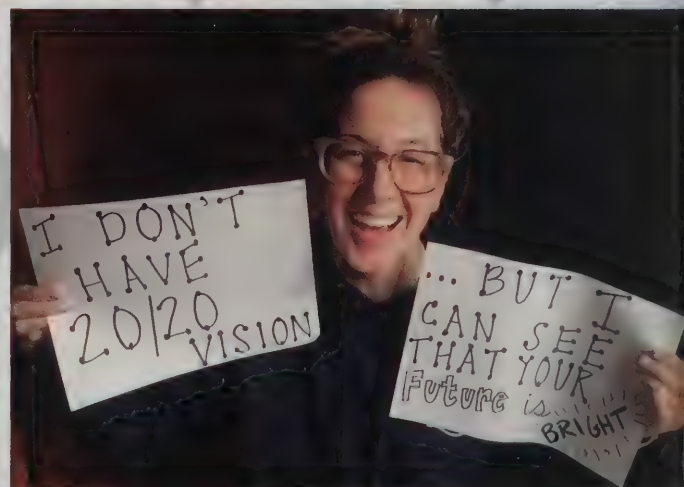

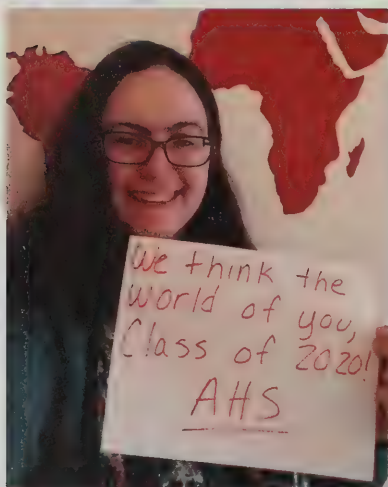

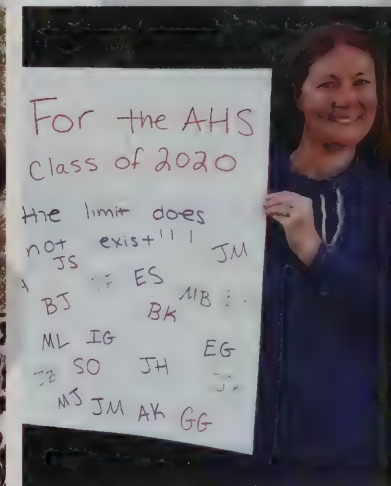

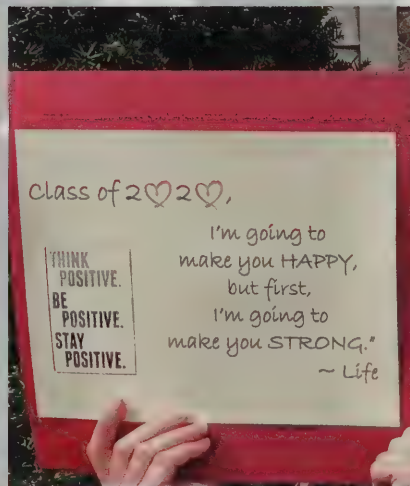

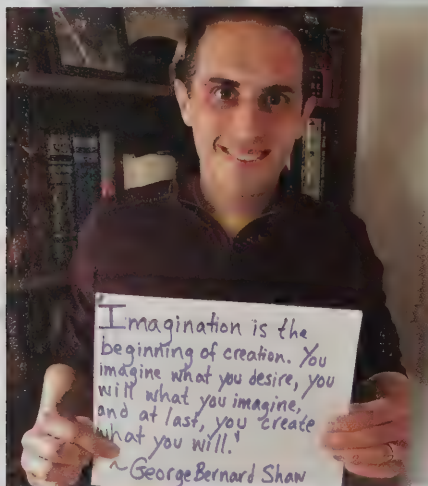

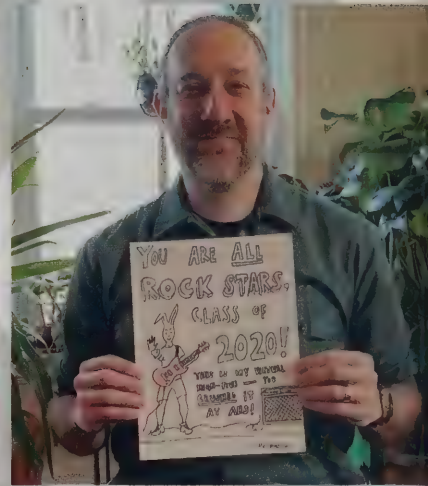

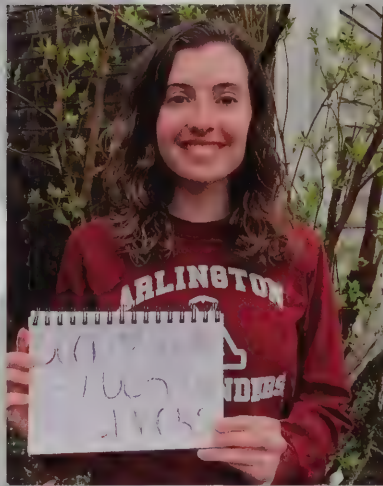

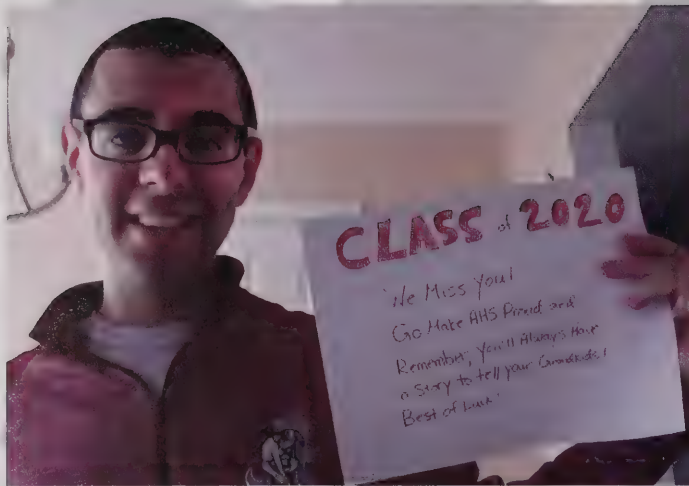

Risa Dubin: teacher, friend, mentor and a person who believed in the power of authenticity. Risa Dubin valued each student's heart by taking the time to find that special aspect of each of her students. It was this relationship which made students want to learn, want to take risks, and want to become a better version of themselves. As a peer, Risa laughed, smiled, told jokes, and had a wonderful way of keeping life's challenges in perspective. She looked straight in the face of adversity and found something, no matter how small, positive about every path she walked willingly or not. If there is a message we could all take away from having Risa in our lives, it would be to stand tall, find the good in the world, never give up, and smile. Smile deeply.

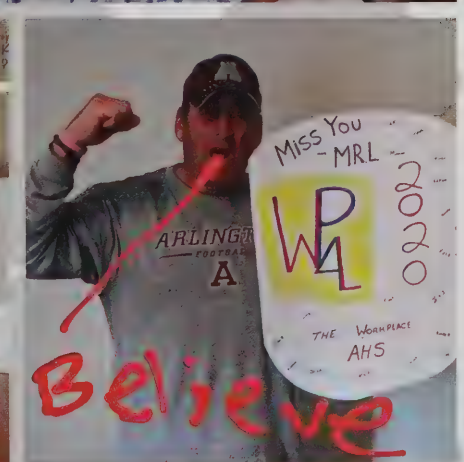

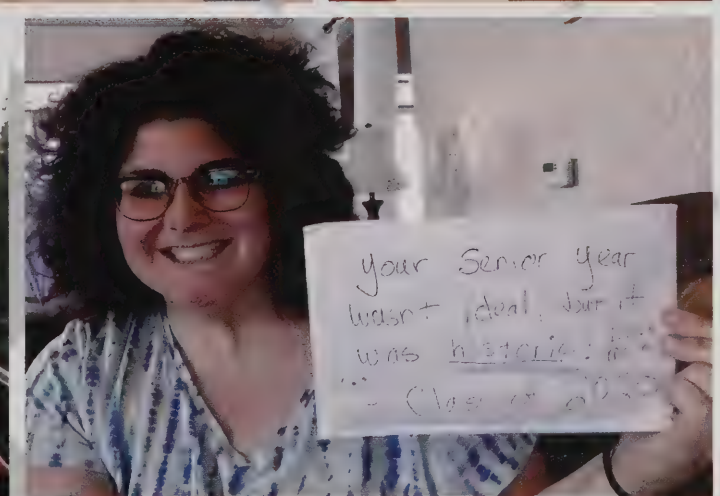

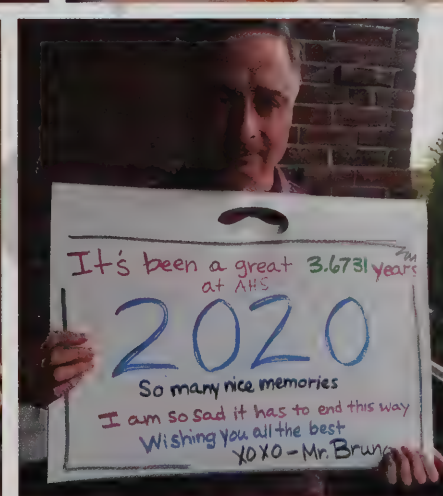

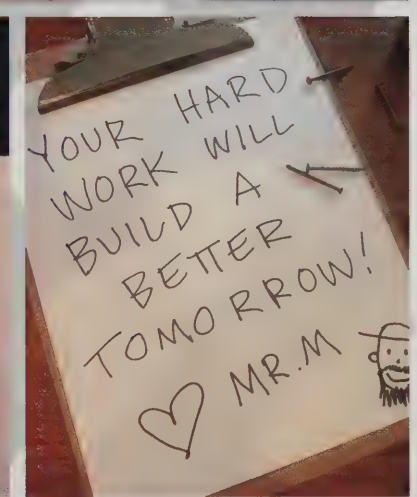

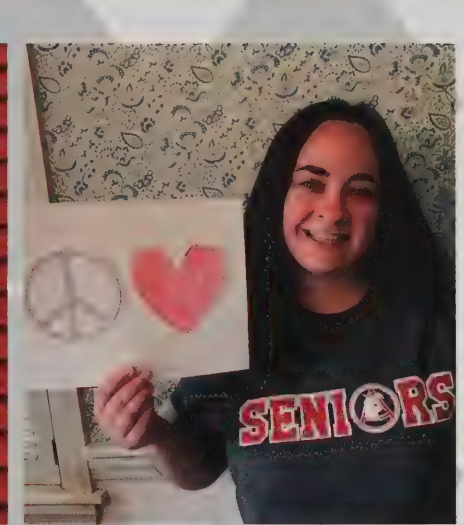

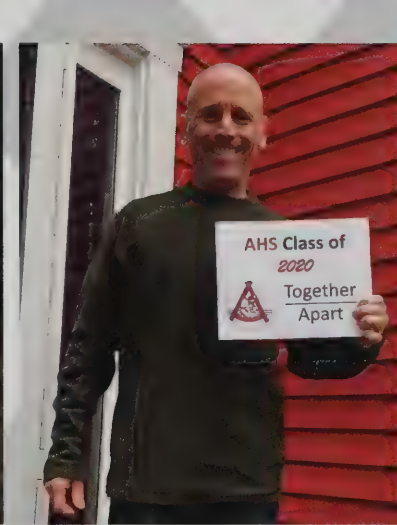

~ Lynne Bennett

When I met Risa, she was tutoring one of our immigrant students. I immediately knew she was a kind and loving person with a vibrant personality. We hired her to work in the Learning Center and she soon became a treasured teacher in that program. As a retired English teacher, she enthusiastically reached out to each and every student who walked through the doors. She especially loved to help students with their writing assignments and college essays. She took a strong interest in the needs of the Foreign Exchange and ESL students and often told me that "she LOVED working with them". And they truly appreciated her help.

On a more personal level, Risa was a funny person with an engaging smile and a magnetic personality. I can't imagine anyone not liking her. She also had a huge heart and worked with me on fundraisers and private activities to help a very needy young family (former student) that we took under our wings. It was always fun to collaborate with her and just spend time laughing and chatting. I will never forget her and she will be sorely missed by all who knew her.

Parting Words

To the Class of 2020,

The human spirit has a way of overcoming and enduring regardless of the obstacles placed in its way. With each step we are confronted by complications, some small, some large. This Quarantine is no different. It is an impediment to what you thought was going to be, but you will overcome this, you will be stronger for facing these challenges and you will learn more about yourself. I know, in this moment, this is far from a great end to your senior year, but looking back on this moment, years from now, what will be your take away?

You have endeared yourselves to all of us at AHS: teachers, custodians, underclassmen, coaches, administration, everyone. We have all come to know you over the last four years. Thank you for all that you have taught us. For your smiles in the hallways and tireless work on the athletic fields. For the hours building robots and the minutes hiding from Ms. Slade in the Media Center. For your dedication to your studies and the laughs we have shared. For being role models to the underclassmen and stretching the bounds and rules with your Dunks runs. We have grown from it and so have you. Though it is not ending the way we all wanted, it was never really going to end. Years in the future, the lessons you learned at this time will still be influencing your life and decisions, regardless of how it all concluded.

This is not to dismiss what is a sad ending, we are all mourning those life markers that we wanted you to experience; prom, graduation, yearbook and saying goodbye. But this is one more lesson you will all be teaching us as you conclude your time; do not take these moments, or any future ones, for granted. Thank you for continuing to shine brightly in the darkness and through all of the hardships.

You will be missed for who you are and not for what has happened to you.

Thank you,

Mr. McCarthy
